WHY DO YOU ASK ME THAT QUESTION, SIRP mess, that the informs and frontiesome item of charming may become an agreeable reares ion to the ladies, upon whom such duties usually devotes.

What's the article? What's the description? What's it do, Well, it is simply two screw-propeller wheels aliashed to the lower end of a staff or handle which is placed in the "eld fashioned" weeden or into shirm, and worked in the same man-ser precisely as the "old Deaher". These two wheels revolve rapidly and in counter directions thevery up and down movement of the "Dusher," completely disanguing and cutting the ream into the minutest particles; while at the same time by sid of the "air beds" in sach di-riston of the wheels, keeps the whole bolk of the cream supplied with constant currents of

fresh air, thus securing by the simplest process the free principles of "Good Butter Making" Well, sir, is the thing simple—very simple? C. C. CLEAVES & CO.'S, Why, so very simple when seen, that not a word of explanation is necessary. Why "fliddy," "Aunt Dinah," or the eight year out child can both undergoond and use it, and couldn't for helf lives imagine any other purpose for the

> Is it durable and substantial, sir? It'ls made of the best Sheet Zino-will not rust strong-nest, and with ordinary care, will

BY virtue of a trust deed executed to me on the tith day of May 187, by R. F. Looney and with, Lautes M. Looney, and duly registered in the Register's office of shelter registering manifesters of the purpose of paying the debt therein mentioned, I with Hose not only make you believe, but about o'R Process BORE, to a given smear of cream, under like circumstances of quality and temperature, and in about ORE HALF THE TIME required by the use of the "old dasher." An, however, quite ready to confess that we will not make Sutter as quick as the boasted "Five Minute" and others lightature "Churns, nor would we have it so quick, for the very plain and simple cases at the attractionarily ment operation of such Churns yields as the result a mass of SOFT, LARDY, unincolledy any, instead of those RICH, GRAINY, WAXY, FIRM and LIVELY QUALITIES which constitute REAL GOOD HUTTER.

Well, sir, I have one of the "old fashioned " Churus -an o d family ratio of several gracms put, and do I understand you that nothing more is required than one of the "F/N LEY DANKERSON Nothing else whatever to complete the SIMPLEST, CHEAPEST, and MOST KATISFAC.

FORT CHURNING APPARATUS that the world has yet produced.

Well, friend, once more—excuse me, sir—right well picased, but a little suspicious. Can't help it. Are you see this is not one of the Yankee humbers—one of the "Machine Nuimep." or one of the "Bub of the Universe Hama" sorrief tree a; so h hams that would, to look spore, bring a "broad guage" grin to the phis of the most festious splones.—but with somewhat of cheapen in the "most festious splones.—but with somewhat of cheapen in the "most festious splones.—but with somewhat of cheapen in the "most festious splones.—but with somewhat of cheapen in the "most festious splones.—but with somewhat of cheapen in the "most festious splones. a change in the "programme and memory" when casting a six peep at the cook after many fruitiess efforts to sites a broil or two. Egh! such looks and such "toughing" as all understand who have been "thusty done for "

An experiment of the control of the
